

## BUILT TO PERFORM

TECHNICAL SPECIFICATIONS		AFX 5100	
<b>Engine</b>		<b>Dimensions Carrier</b>	
Type	Mecedes	Length	281in
Model	904 Electronic/Turbo Charged	Width	68in
Cylinders	4 cyl	Height	92in
Exhaust	Exhaust Purifier		
Electrical	24 volt	<b>Performance</b>	
		1st Gear	3 km/h
<b>Powertrain Transmission</b>		2nd Gear	7 km/h
Transmission	Clark Hurth	3rd Gear	22 km/h
Series	T32000		
Gears forward	Three (3)	<b>Weight</b>	
Gears reverse	Three (3)	Net	33,700lbs
4 wheel drive	Yes		
		<b>Carrier</b>	
<b>Axles</b>		Rops/Fops	Yes
Planetary Type	Yes	Passenger seat	Yes
Rear	Fixed	Fire Suppression	Yes
Front	Oscillation	Lockable Master Safe	Yes
		Entry/exit 3 point	Yes
<b>Brakes</b>			
Service	4 Wheel Wet Disc 4 Wheel Wet	<b>Additional Options</b>	
Emergency	Disc+Wet disc driveline	Engine	Mercedez 906 Water Cooled (220hp)
Park	4 Wheel Wet Disc+Wet disc driveline	Enclosed Cab	A/C or heat
		LED lights	24 volts
<b>Man Basket Platform</b>		Lubrication system	Lincoln
Vertical Reach	20 feet	Tool Compartment	Custom built
Deck capacity	900lbs	Fast Fuel System	Wiggins
Boom slew	30 degrees each way	Compressor	Hydraulic driven
Anfo package	500lbs. other options availables	Spare tire and rim	1200 x 20
Stabilizers	Hydraulic	Power Pack	Air over hydraulic
Diesel start/stop front platform	Optional	Custom	Other custom-built options available

At JS Manufacturing, engineering is a process of continuous improvement: therefore, specifications are subject to change without notice.
